

## Metallic Improved Cooking Stove (MICS) Project

The "Metallic Improved Cooking Stove (MICS) Project" has been launched in various parts of Kaski district with financial support from the Unica Foundation. This initiative, implemented by the Nepal Red Cross Society (NRCS), Kaski, began in 2010 and continues to this day. NRCS, Kaski, is committed to sustaining and expanding the project's impact, aiming to improve household energy efficiency and promote environmental sustainability through the distribution and adoption of metallic improved cooking stoves.
